

“Believe in the Lord Jesus,  
and you will be saved...”  
Acts 16:31

# Nippon NEWSFLASH

## God’s hand of provision

As I have been preparing to return home to begin training and support raising, it had been a concern of SYME for the need of another cook while I am gone. However, God knows all our needs and He has heard our prayers! For the past two weeks, I have been training a young man named Joe to replace me. It has been bitter sweet to see God provide another cook and be given the opportunity to train him before I leave. Please pray for Joe as he returns home on December 1st to raise support.

## Heart to Heart

This week we have our final Heart to Heart ladies Bible study. Our topic is purity. I have been given the task of teaching part of our study. Please pray for wisdom as we share God’s heart for our purity and His awesome redemption. This is a topic that most young Christian Japanese people will not hear taught in their churches or in their homes. Pray they will have open hearts to receive the message, ask their questions and get help if they need it.

Thank you for your prayers and faithful support!

“God’s work done in God’s way will never  
lack God’s supply.”

—Hudson Taylor

Four of our current students: Ryohei, Chiemi, Yumi and Senri went to visit the Jeju, Korea Word of Life Bible Institute campus. They had a good time reuniting with Kohei, Jun and Mizuki (students from last year, now attending the Bible Institute).

### Join me in Prayer!

Pray for opportunities to encourage our alumni during our 10-year reunion celebration December 8-9.

Pray for our student, Inori who is not saved yet. Pray she lets go of what is holding her back from trusting Jesus.

Pray for our students to stay faithful to God as they prepare to leave SYME to continue schooling elsewhere or begin a job.

This is a picture of our teaching time during our Thanksgiving dinner event for our Thursday Night Community Center English classes. We had 22 guests attend with many opportunities to share the gospel and our testimonies!
